There is hope on the horizon. Fixed asset maintenance made easy . . .

Field Service, Inc. is pleased to announce our latest enhancement to fixed asset inventory reporting: **web-based fixed asset management**.

Go to www.fieldserviceinc.com and navigate to our customer form link. Once inside you can make additions or disposals, there is even a link to show you how to set up a spreadsheet for multiple changes. We strive to make maintaining your capitalized fixed asset inventory as simple as possible. This service is free to our customers who wish to maintain their assets in an efficient, timely manner. A monthly email will remind you to look back and record your capitalized assets.
